001 Core Competencies Personnel

The Fair Labor Standards Act (FLSA) is a federal law requiring that overtime pay must be paid for all hours over 40 hours in a work week except for those employees classified as exempt and thus not entitled to overtime. Management employees such as elected officials, managers/administrators, municipal clerks, CFOs, public works superintendents, police chiefs and other department heads are typically classified as having exempt status and thus not entitled to overtime pay. Other municipal employees may also be classified as exempt under the FLSA (please consult labor counsel for detailed guidance). Exempt status also precludes overtime pay for time worked during emergencies, attendance at night meetings and participation in training sessions. Compensated leave time in lieu of cash payments is considered a form of overtime pay unless such leave is utilized in the same pay period. Does your municipality not pay overtime to employees classified as exempt under the FLSA?
